# PCSS Post Secondary Spotlight

# NAIT

**Explore what NAIT has to offer:**

Hands-on, technology-based education that equips graduates with the skills & knowledge that employers want.

**Degrees**
NAIT offers a number of business and applied science and technology degrees accredited by Alberta Advanced Education.

**Apprenticeship Training**
Hands-on and expert-led apprenticeship and industry training for skilled trades and technology professionals.

**Diplomas & Certificates**
These credit programs take 1 or 2 years and lead to government approved and industry-recognized credentials.

**Continuing Education**
Upgrade your academic prerequisites, advance or pivot your career, or learn something new and interesting.

We are thrilled to announce the launch of six new media and IT programs. From Digital Design to Game Development, explore your options, find the perfect fit and prepare for a future in media and IT.
