**Sept. 24 - Dec. 17, 2025  
Online, Asynchronous**

For more information  
on the program, contact  
your guidance counselor.

## **Program Zumo Robots and Learn to Code!**

ATG 1008 Solving Technology Problems course is designed to help you understand the fundamentals of data-driven problem solving and algorithmic thinking. Tackle real-world agricultural issues by analyzing data and creating technical memos. You will also learn to program Zumo robots to carry out specific tasks using both coding and Microsoft Excel spreadsheets.

No prior coding experience necessary – this course is accessible to all students who have completed Math 10C.
