Visual Art Diploma

About the Visual Art Diploma

Unleash your artistic potential!
Develop your skills, foster creativity and sharpen critical and creative thinking in our incredible art studios. Your diploma may be a stepping stone to a Bachelor of Fine Arts or a kickstart career in creative fields such as studio art, art education, design, architecture and more.

Inspire the world with your creativity through our comprehensive two-year Visual Art Diploma program. This curriculum serves as a robust foundation in the visual arts, equipping you with essential skills and knowledge, no matter your experience level. In this program, you'll have the privilege of learning from experienced, practicing artists in state-of-the-art studios equipped for ceramics, sculpture, painting, drawing and design.

The first year focuses on developing skills in drawing, painting, ceramics, sculpture, design, art history and English. It offers a broad spectrum of visual experiences to nurture your artistic vocabulary and refine your skills in composition and technique.

The second year encourages creative growth and fosters visual maturity through intensive studio work.

Our program also opens doors to work toward earning a bachelor's degree. This diploma is your gateway to an exciting world of artistic possibilities.
